

Addition Domino Train

Start	$7 + 2$	$5 + 4$	$6 + 1$
-------	---------	---------	---------

Materials: Set of *Addition Domino Train Cards*

1. Work with a partner. Shuffle the cards and deal six to each player.
2. The player with the domino labeled **Start** places it in the center of the table.
3. Player 2 tries to match a domino card to the end of the Start card. If a match is found the player adds the domino card to the train and completes the math talk sentence.

The sum of ___ plus ___ is ____.

If a match is not found the player misses a turn.

4. Keep taking turns until all the dominoes have been used.
