How to Play: Distribute one card to each student. If any cards are left over distribute these to random students. As you distribute the cards, encourage students to begin thinking about what the question for their card might be so that they are prepared to answer. The first student begins with "I have ... Who has" while the others listen for the answer that is on their card. The person with the correct answer reads his/her card. Play continues until the game comes back to the starting card. The student with the starting card answers and then says "stop" to signal the end of the game.
As students develop confidence with the game a stop watch can be used to time a round. Record the time on the board so that students try each game to beat their current best time.

I Have .... Who Has...? (Easy Facts)

1. I have 7 . Who has one more than 7 ?
2. I have 8 . Who has two more than 8 ?
3. I have 10 . Who has one less than 10 ?
4. I have 9 . Who has two more than 9 ?
5. I have 11. Who has one more than 11 ?
6. I have 12. Who has two more than 12 ?
7. I have 14. Who has one less than 14 ?
8. I have 13. Who has two more than 13 ?
9. I have 15 . Who has two more than 15 ?
10. I have 17 . Who has one less than $17 ?$
11. I have 16 . Who has two more than 16 ?
12. I have 18. Who has one more than 18 ?
13. I have 19. Who has one more than 19 ?
14. I have 20 . Who has two more than 20 ?
15. I have 22. Who has one less than 22?
16. I have 21. Who has 21 plus 2?
17. I have 23. Who has 23 plus 1?
18. I have 24. Who has 24 plus 2?
19. I have 26. Who has 26 minus 1?
20. I have 25 . Who has 25 plus 2?
21. I have 27. Who has 27 plus 2?
22. I have 29. Who has 29 minus 1?
23. I have 28. Who has two more than 28 ?
24. I have 30 . Who has one more than 6 ?
