

# One Less

**Materials:** counters (10 per player), set of number cards 11-20

**Number of players:** 2

Each player takes 10 counters. Players take turns turning over a number card and placing a counter on the number minus one, anywhere on the game board. For example, if a 14 is turned over the player puts a counter on the number 13 and says, "13 is one less than 14". Players continue taking turns until one player has used up all 10 counters.

15	14	13	16	11	17
19	18	12	13	14	15
15	13	14	11	18	17
18	14	15	12	17	10
15	19	13	10	11	12
